

## Future planning seminars

Our 2 day residential seminars, for you and your partner, are designed to help those aged 50+ plan a successful future. The style of the seminars is informal and interactive. Co-ordinated by a full-time counsellor, and supported by a team of specialist presenters, the aim is to make the 2 days informative, stimulating and enjoyable.

To book a place, just complete the online booking form or call Shirley Belcher at Retirement Counselling Services (RCS) on 01494 433553.

Cable & Wireless offer the seminars in partnership with RCS. Importantly, RCS has no connection with any financial institution. Our objective is to provide you with the right information to enable you to make your own choices.

Dates and locations for upcoming seminars are:

September 28-29	Woburn
November 30-01 December	Woburn

We can put on an extra seminar if we have more bookings than places available. We can only do this if we get at least 9 bookings. To get yourself on the waiting list, contact RCS.
